

Pertinax counter HD1100

Applications

HD1100 pertinax machine is mainly for cutting the pertinax in Sandwich die industry.

With stable body structure design, professional CNC control system, the cutting efficiency and quality has more advantages over traditional cutting method. This machine satisfies the die making factory who need to make the sandwich dies.

Machine required field

Length:2m Width:2m Height:1.4m

Features And Functions

- ▶ High cutting speed,max speed reaches 15 meters per minute.
- ▶ Marble working table with perfect flatness.
- ▶ Large spindle power, the pertinax cutting result is good.
- ▶ Use standard G code.
- ▶ Auto knife changer can finish the production at one time.

Technical Parameters

Model No.	HD1100
X-axis travel-length	1100mm
Y-axis travel-length	1100mm
Z-axis travel-length	80mm
Moving speed	15m/min
Positioning Precision	0.01mm
Re-Positioning Precision	0.005mm
Max weight of table load	300KG
Resolving power	0.001
Power	380V/6KW (three-phase supply)
Overall dimensions (L x W x H)	1600*1700*1400mm
G. Weight	1500kg
